Hi Mike,

I take it that you will write up something on Pueblo?

Subject: ARD-Specific OLEM Weekly Topics

All- Here are a number of topics that I think would be good to include in the OLEM weekly; you'll note that I have starting points for several of them (which were prepared for other purposes), but they need to be revised to provide a bit more context (see attached report from last week to get an idea about writing style/tone). I don't need revisions to the Scrap Processing Company write up. Also, the suggestions below are not exhaustive—if other topics come to mind, esp. those involving events expected to occur in the coming weeks, please submit them.
Submissions are due to me at noon tomorrow (Weds., 6/8):
